

EXPUNGEMENT CLINIC

Expungement is the process of erasing a record once an individual has served their sentence, and remained out of trouble for five years. Goodwill Kentucky believes in the power of second chances and are committed to providing legal and financial assistance because of the barriers an individual's background can have on securing stable employment, housing, and other basic needs.

Legal Aid will provide legal advice to individuals with incomes at or below 200% of the poverty guideline. Those above will be unable to move forward with the expungement process.
